

## **Douglas-Jones Mercer's client tops the UK charts with transaction**

One of DJM's clients Phoenix Music International (PMI) continue on their successful acquisition trail having recently completed an acquisition that included the rights to PJ and Duncan's "Let's get ready to rumble!". PMI are enjoying further success with the 1994 song officially becoming UK's number 1 recently.

Mick Ramage the MD of Phoenix group commented "Sheraz Akram of the Corporate and Commercial team at Douglas-Jones Mercer provided first-rate legal advice in a timely manner. It makes a real difference to have someone who knows what they're talking about acting for you, and who gets things done."

Sheraz commented that "DJM's corporate team were pleased to have been able to advise PMI on the acquisition" and that "Mick of PMI is extremely astute when it comes to picking potential targets, as has been proven in the latest transaction and as always he is a pleasure to work with."
