

Insider highlights another Douglas-Jones Mercer's Corporate Team transaction

SA1 Solutions acquired Business Systems Services (BSS), an IT and software development company based on the Garngoch Industrial Estate in Gorseinon.

The company will continue to use trading names BSS and Picseli, its website development arm.

Teifion Davies, the managing director of BSS, commented "My experiences with Sheraz on this transaction have been immeasurably positive. The professionalism, knowledge and understanding shown throughout this process have made an emotive and stressful period much easier to comprehend. I would highly recommend Sheraz and his team at DJM as the quality of the advice and response times were of top quality."

Sheraz Akram of Douglas-Jones Mercer's Corporate Team commented that "this transaction was not without its complexities however, it makes perfect sense for both parties and I have no doubt that the enlarged entity will push forward to make some real progress within the sector. Teifion is extremely well connected within the sector and will bring a lot to the enlarged group which has ambitious plans for growth."
